

KÖGÖ Cleanroom Tape

TVR Series

PVC with Rubber Adhesive

Ideal for Cleanroom Construction Applications. Quick Tack with Abrasion Resistance.

Description

Introducing KÖGÖ Cleanroom Tape for cleanrooms and critical environments.

KÖGÖTVR Cleanroom Tape is constructed of Polyvinyl Chloride (PVC) backing with rubber adhesive. These tapes are ideal for clean build or cleanroom construction applications where quick tack and abrasion resistance are important.

Offered in 5 colors and 4 widths, the KÖGÖ TVR cleanroom tape is ideal for color coding or aisle marking in cleanrooms. This conformable tape bonds quickly to irregular surfaces such as duct work or visqueen sheets used for temporary walls. With its matte finish, this tape is easy to write on with a pen and is ideal for labeling.

All KÖGÖ cleanroom tapes are uniquely packaged in press-and-seal cleanroom bags providing additional convenience to end users.

Features

- Packaged in reusable press-and-seal cleanroom bags
- Tape widths: 1/2", 1", 2", 3"
- Color options: blue, green, red, white and yellow
- Matte finish
- Rubber adhesive with aggressive tack

Benefits

- Easy identification, protection and storage
- Reduces need for cutting or splicing tape with available width options
- Color coding or product identification
- Easy to write on
- Aggressive tack provides quick bond

Applications

- Aisle marking
- Color coding
- Ductwork sealing
- Visqueen hanging
- Cleanroom build
- Labeling
- HEPA filter protection

*Gamma Irradiated
Rolls Available*

Specifications

KÖGÖ PVC/Rubber	
Tape substrate	Polyvinyl chloride
Adhesive	Rubber
Core	3" HDPE
Total thickness	6 mil (0.15mm)
Adhesion to steel (ASTM-3330)	22 oz/in avg.
Tensile strength @ break (ASTM D-3759)	16 lbs/in avg.
Temperature resistance	-20°F to +176°F
Elongation @ break (ASTM D-3759)	150% avg.
Colors available	Blue, green, red, white and yellow
