Re: REACH Substance of Very High Concern (SVHC) and Authorization Lists Content Statement for Texwipe Products

Dear Valued Customer:

Texwipe products may contain a trace amount of 4-nonylphenol, branched and linear, ethoxylated, a chemical listed on the REACH SVHC (Version 25 June 2020) and the current Authorization List of 54 substances. This amount is below the limit of 0.1 weight percent laid down in the 18 November 2015 document, Generic Exemptions from the Authorization Requirement, 2. Exemptions specific to certain intrinsic properties entry.

Texwipe is committed to producing the highest possible quality products to meet the needs of our customers.

Any feedback and suggestions are encouraged and should be forwarded to your Texwipe representative.

Kind regards,

Jay C. Postlewaite, Ph.D.  
Sr. Technical Advisor  
Texwipe, An ITW Company
